Line Magnetic Audio is a brand of High end products founded in 2005. Now it has become well known with its series reproduction of music and regarded as a forerunner in presenting innovative products with cutting edge technology and lasting intrinsic value. Tube electronics, CD players, Classic horns, Classis field coil speakers, DACs, a lot of different series of products we are working on not only Classis electronics but also new technology on dacs and CD players.

The LM-24CD has optical and coaxial digital outputs, XLR and BNC analog outputs as well as an analog stereo RCA and XLR outputs as well as an analog stereo RCA and XLR output. The mechanical CD is original SONY KSM-213C.

The DAC is based on a ESS9016 chip and the output stages use two 6KZ8.

The USB port on the rear of the LM-24CD allows you to listen to music from your computer. The USB port XMOS operate asynchronously with files 32bits/192kHz.
